We believe in using technology to modernize benefits & HR.

Until now, benefits & HR technology has been outsourced, expensive, and difficult to use. We put brokers in control of their clients' data, bringing the costs down so every employer can benefit from our easy-to-use platform.

Differentiators

Technology that doesn't break the bank

We believe you should be able to give your clients a best-in-class enrollment and HR technology for free.

Control your livelihood

A third party should never get between you and your groups. Be in control of your data, branding, and most importantly, your customer service.

No limits

Would you compromise which groups you target based on their size? Neither do we. Implement an unlimited number of groups regardless of size on Employee Navigator.
