Medicare got you uptight? Everything's all right!

If you're feeling stressed about your Medicare coverage – **relax, we've got your back.** Here's how it works.

Original Medicare is a federal health insurance program for eligible adults age 65 and older and those under 65 with a medical disability who qualify. It has four parts – Part A, Part B, Part C and Part D.

■ **Parts A and B** pay for different health care costs.

■ **Part C** is unique because it combines the coverage of Parts A and B; it's known as Medicare Advantage.

■ **Part D** is additional prescription drug coverage, often included in Medicare Advantage plans; it's also available as a stand-alone plan.

■ There's also a Medicare state-approved offering, known as **Medicare supplement** insurance. Medicare supplement helps cover the costs that aren't covered by Original Medicare as well as your share of the costs for Medicare services.

Part A and Part B: Original Medicare

Original Medicare is managed by the federal government. When you choose Original Medicare, you get the coverage included in Medicare Part A and Part B. Original Medicare *doesn't* cover most prescription drugs or supplemental benefits like routine dental and vision care.

Medicare Part A acts as hospital insurance. Part A helps pay for inpatient care in hospitals, hospice care, home health care and care provided in a skilled nursing facility. Most people do not pay a premium for Part A.

Medicare Part B provides medical insurance. Part B helps cover doctor visits, procedures that don't require an overnight hospital stay and some preventive care services, such as flu shots. Most people pay a monthly premium for Part B, which is based on their income. The monthly premium for Part B is typically taken out of your Social Security benefit.

Introducing Medicare

Part C: Medicare Advantage

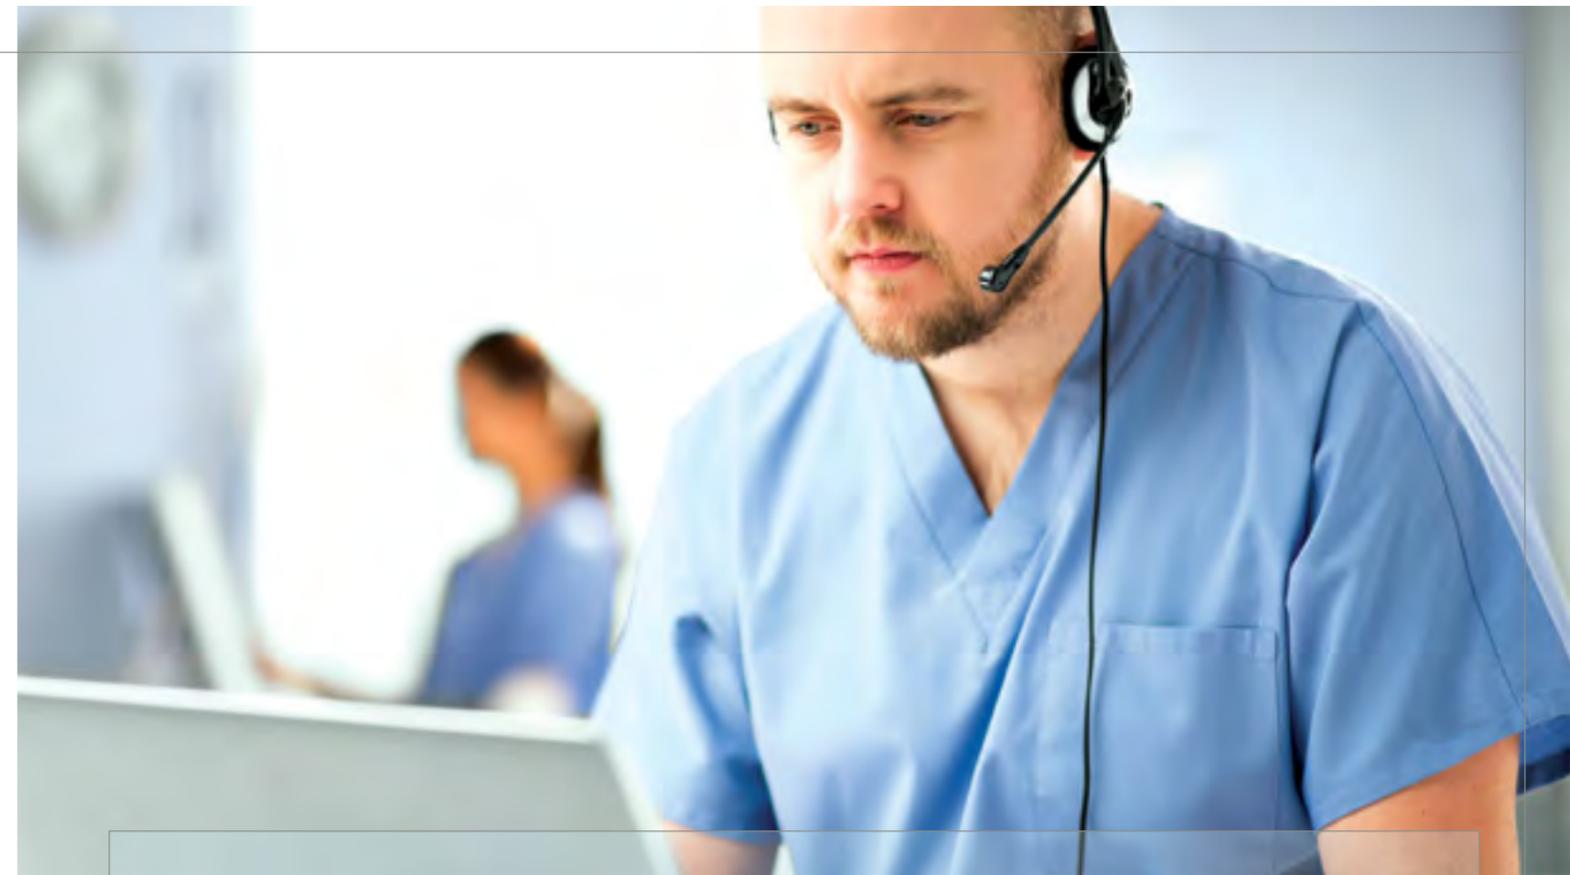

Medicare Part C, known as Medicare Advantage, integrates Medicare Part A and Part B, and often Part D, with additional medical benefits not covered by Original Medicare. Medicare Advantage plans are available through private health insurers and provides extras, such as:

- Routine vision and dental care
- Resources for managing chronic conditions
- Hearing aids and eyewear
- Wellness and fitness programs
- Health assessments
- Preventive services and annual wellness exams at no additional cost

When you enroll in a Medicare Advantage plan, you receive all the entitlements and privileges of Original Medicare. You're simply choosing to assign the administration of your Medicare benefits to a private insurer, like Blue Cross, and receive your benefits through the Medicare Advantage plan you join. A policy covers only one person. If you and your spouse both want coverage, each of you will need to buy separate policies.

To be eligible for a Medicare Advantage plan, you must:

- Reside in the U.S.
- Be entitled to Medicare Part A
- Live in the plan's service area at least 6 months of the year
- Have enrolled in Medicare Part B
- Continue to pay your Part B premium

Medicare supplement, also called Medigap

Medicare supplement plans help bridge the gap between what Original Medicare covers and the total cost of medical services. They cover all or a portion of Medicare deductibles and coinsurances; plans are accepted nationwide. As long as you pay your premium, a Medicare supplement policy is guaranteed renewable.

In instances when you're within your Medicare Supplement Open Enrollment Period (as defined within the 'Your Medicare Supplement Enrollment Timeline' section), monthly premiums are generally affected by variables such as age, gender, and where you live. If you're within your Medicare Supplement Open Enrollment Period, your premium won't be underwritten based on pre-existing conditions or your current health status. In instances where you're outside of your Medicare Supplement Open Enrollment Period, you could be underwritten and your monthly premiums could be impacted by health status and use of tobacco.

Since costs vary, it's important to compare Medicare supplement policies across different carriers. It's also important to understand that the benefits within the plans that are offered nationwide are standard, but premiums will vary by carrier.

Part D: Prescription Drug Coverage

Medicare Part D helps cover your cost for prescription drugs if you have Original Medicare. Part D plans are managed by private Medicare-approved insurers. You must enroll in a private plan, such as those offered by Blue Cross, to receive Part D drug coverage.

A Part D drug plan can be added to your Medicare benefits as a stand-alone plan if you've chosen Original Medicare and a Medicare Supplement plan. Another cost-effective way to buy Part D drug benefits is to get them through a Medicare Advantage plan with hospital and medical coverage.

Learn more about
Medicare Advantage plans

Are you ready for a brand-new beat?

If you're new to Medicare, you might not be familiar with **Medicare Advantage** plans. You'll find that Original Medicare doesn't cover everything, so before deciding, learn what you can get with a Medicare Advantage plan. The **most common types** of Medicare Advantage plans are Preferred Provider Organization or **PPO plans** and Health Maintenance Organization or **HMO plans**. There is also another type of Medicare Advantage plan called an HMO Point-of-Service or **HMO-POS plan**.

Our Medicare Advantage plans include prescription drug coverage in most plan options, as well as extras such as **online visits**, a **free fitness plan** and an **over-the-counter supplies allowance**. Most also include dental, hearing and vision benefits. We also offer optional supplemental plans if you want even more dental and vision coverage. By comparing plans, you can choose the benefits you need and **save money**, too.

Blue Cross understands that health care plans aren't one-size-fits-all

We have plans for everyone.

- If a large network of doctors and hospitals is important to you, we've got it.
- If you want a plan that doesn't require referrals, we've got it.
- If a low premium is one of your priorities, we've got that too.

Medicare Advantage preventive benefits & extras

Kick out your sneakers and take control of your health

New extras for 2021

Expanded allowance to cover over-the-counter items and grocery/pantry items

- Allowance ranging from \$25 to \$100 each quarter (level of coverage varies by plan).
- Members can shop online, on the phone, through the mail or in person; includes a richer digital shopping experience and popular in-store options.
- Members can pay for any amount above their allowance if they want to purchase additional items.

In-home support services

- Assistance with activities such as transportation, light household help and meal preparation, technology education and support, grocery shopping, companionship and more.
- To qualify for this benefit, you must live alone and require help with activities related to independent living such as transportation, light household help, meal preparation and grocery shopping.
- Not available on all plans.

Caregiver support

- We offer training, coaching and support to caregivers of our high-risk Medicare Advantage members.
- To qualify for this benefit, you must be enrolled in the Blue Cross Coordinated Care, a care management program, and be cared for at home by a family member or other person who would benefit from the support, training and coaching this program provides. Qualifying members will be referred to this program by their Care Manager.
- Not available on all plans.

Meals benefit

- If you have a hospital stay, you may be eligible for a meals benefit.
- To qualify for this benefit, you must be enrolled in the Blue Cross Coordinated Care care management program. An assessment with your Blue Cross nurse care manager is also required to determine eligibility for the meal benefit.

Part D Senior Savings Model for HMO and HMO-POS members using insulin

For HMO and HMO-POS members enrolled in BCN Advantage ConnectedCare HMO and Prime Value, Classic or Prestige HMO-POS plans who use certain preferred insulin products, you can have even more predictable costs throughout the year with an enhanced Part D plan. Blue Cross partnered with the Centers for Medicare & Medicaid Services to participate in this voluntary program for 2021.

Transportation service

Qualifying members who reside in Wayne, Oakland, Macomb and Washtenaw counties can get transportation services after acute care hospital discharge.

Medicare Supplement plans

Learn more about 2020 Blue Cross[®] Medicare Supplement plans

We'll give you the
best that we've got

Medicare supplement coverage is a cost-saving health policy that **works together with Original Medicare** Part A (hospital) and Part B (medical) to help cover certain costs Original Medicare doesn't. It offers great benefits and lowers your out-of-pocket costs.

As your primary health care coverage, Original Medicare provides hospital and medical coverage. It doesn't cover all health care costs and has deductibles and coinsurance that must be paid for Medicare-covered services. Medicare also limits coverage for certain services.

Don't you worry about a thing with a supplement plan

A Medicare supplement plan works well with Original Medicare coverage. In fact, depending on the plan you're eligible for, it may cover all or a portion of your Medicare deductibles and coinsurances.

Here are some outstanding reasons to choose a Blue Cross Medicare Supplement plan:

- Supplements Original Medicare and lowers out-of-pocket costs.
- Premium discount of 5% for Blue Cross Medicare Supplement members who live in the same household.
- You can keep your own doctor, as long as they accept Medicare.
- No network restrictions.
- Use any specialist who accepts Original Medicare; no referrals required.
- Nationwide coverage; great for snowbirds or those who travel.
- Depending on the plan, all or a portion of Original Medicare deductibles and coinsurances can be covered.
- A variety of plan options help meet your health care needs and budget.

Plans are **guaranteed renewable**, so there's no need to reapply each year. As long as you pay your premium, you can stay enrolled in the plan.

Although supplement plans can be sold in 10 standard plan options, plus two high-deductible plan options, throughout the country, **Blue Cross offers Blue Cross Medicare Supplement options A, C, D, F, High-Deductible F, G, High-Deductible G, and N.**

Here's an overview of our Medicare Supplement plan benefits:

BENEFITS	BLUE CROSS PLANS					
	A	C	D	F*	G*	N
Medicare Part A coinsurance and hospital costs up to an additional 365 days after Medicare benefits are used up	✓	✓	✓	✓	✓	✓
Medicare Part B coinsurance or copay	✓	✓	✓	✓	✓	✓**
Blood (first three pints)	✓	✓	✓	✓	✓	✓
Part A hospice care coinsurance or copay	✓	✓	✓	✓	✓	✓
Skilled nursing facility care coinsurance		✓	✓	✓	✓	✓
Medicare Part A deductible (\$1,408 in 2020)		✓	✓	✓	✓	✓
Medicare Part B deductible (\$198 in 2020)		✓		✓		
Medicare Part B access charges				✓	✓	
Foreign travel emergency (up to plan limits)		80%	80%	80%	80%	80%

*There are also two high-deductible plans, **HD-F** and **HD-G**. If you are eligible for either plan and decide to enroll, this means you must pay for Medicare-covered costs up to the deductible amount of \$2,340 for 2020 before your supplement plan pays anything.

**Plan N pays 100% of the Part B coinsurance, except for a copay of up to \$20 for some office visits and up to a \$50 copay for emergency room visits that don't result in an inpatient admission.

Some of our most popular plans are:

Plan A

- This is our leanest benefit plan.
- It **covers your basic benefits**, but you'll be responsible for your Medicare Part A and Part B deductible and Medicare Part B excess charges.

Plan G

- This is our most popular plan.
- This comprehensive plan offers robust coverage. You'll **pay nothing for services covered by Original Medicare**, except for a \$198 Medicare Part B deductible.

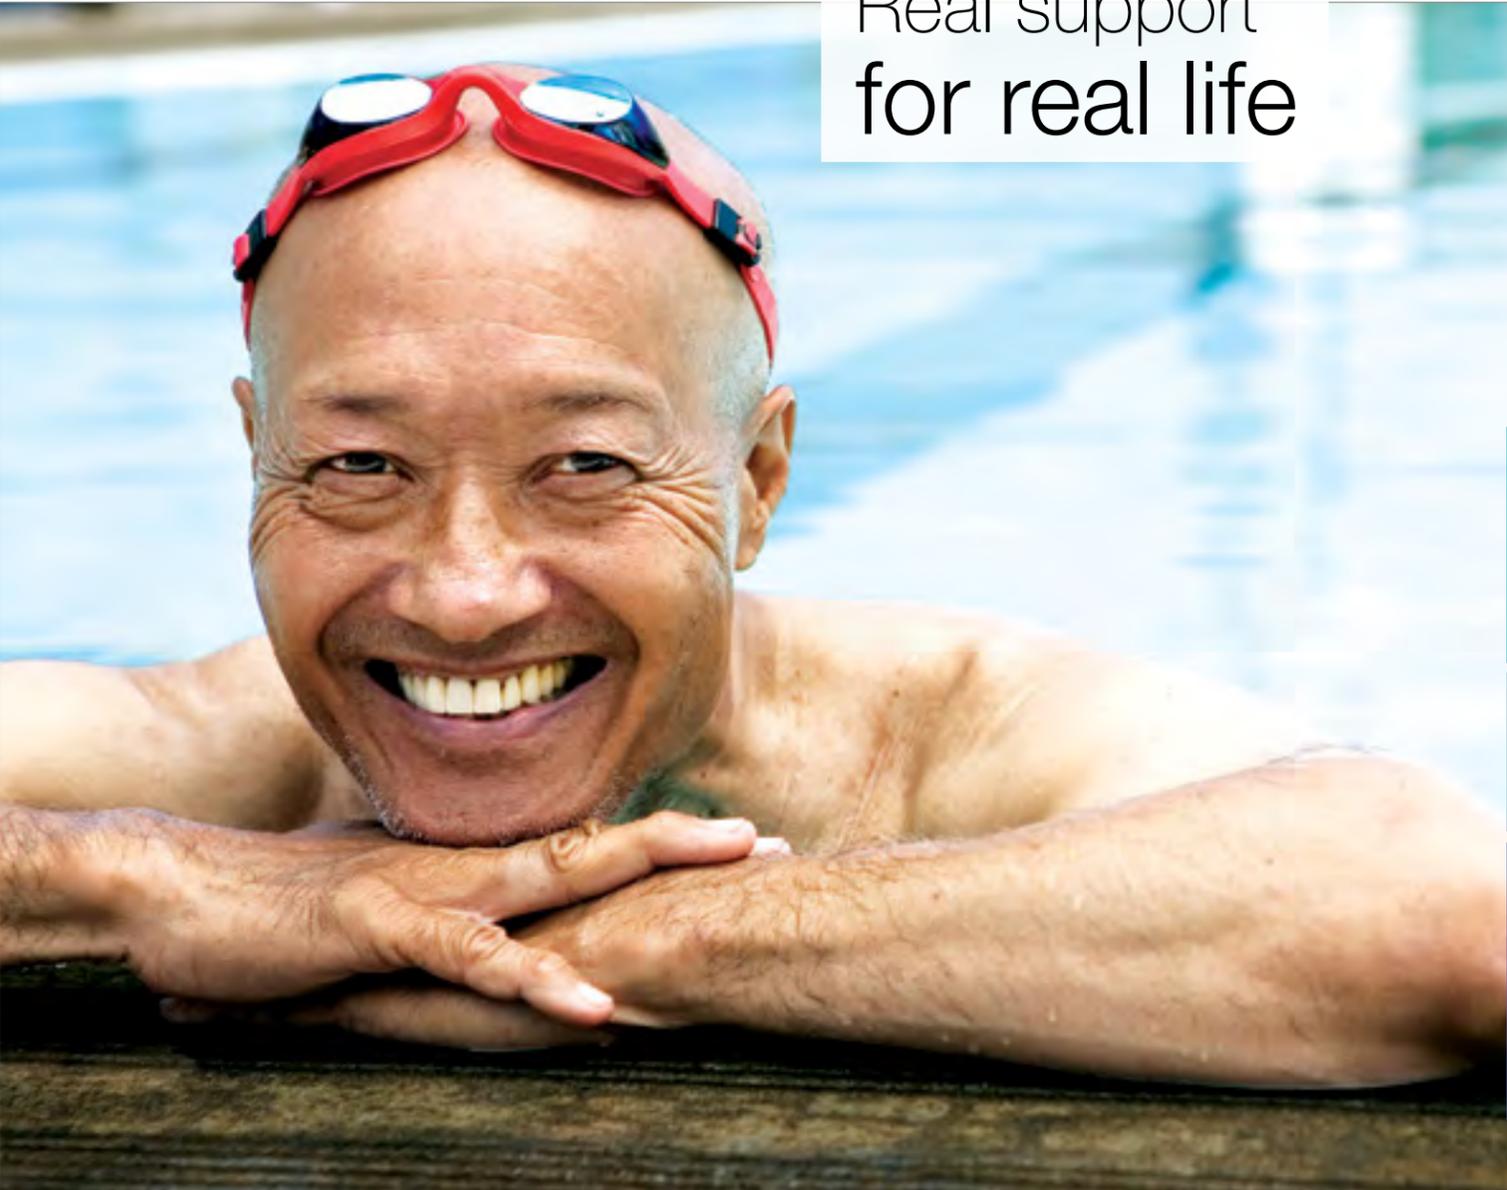

Plan High-Deductible G

- This high-deductible plan offers the same benefits as Plan G, with a **lower monthly premium** but a \$2,340 annual deductible.
- This plan may be good for those who are relatively healthy and want to lower their costs.

Plan N

- With **slightly leaner benefits**, Plan N is a great option for someone looking for a more affordable alternative to Plan G.

Real support for real life

The Blue Cross Medicare Supplement well-being program

Our Well-Being program helps you live your best life. As a member, you have benefits that let you experience life's adventures with Blue Cross confidence. You choose the Medicare supplement plan you want, and we supply the support you need to **fulfill your personal health goals**. So, plan that party or vacation — knowing that your Blue Cross Medicare Supplement plan has prepared you for all life's journeys.

■ **WelvieSM Surgery Decision-Support Program**

We have an online surgery support program that helps you decide on, prepare for and recover from surgery. It can help you talk with your doctor about surgery and other treatment options. If you need surgery, the program can show you how to avoid common problems that may occur after surgery.

■ **24-Hour Nurse Line**

Talk to a registered nurse when you have questions about an illness or injury. The nurse line can help you, day or night, determine how you can treat minor things at home.

■ **Blue Cross[®] Virtual Well-Being**

Get guidance and support on your journey to personal well-being. Short, high energy, virtual webinars are available to watch on your computer, tablet or mobile phone each week. They focus on different topics, such as mindfulness, emotional health, financial security, physical wellness, preventive health care and more. The program also offers informational materials you can download to save and share with your family and caregivers.

More members means more savings

We're happy to offer a **household discount** to Blue Cross Medicare Supplement members.

If you're a Blue Cross Medicare Supplement member, you may be eligible to save 5% on your monthly premium. To learn more about the household discount, visit <https://www.bcbsm.com/medicare/help/understanding-plans/supplement/household-discounts.html>.

Please note: There does not need to be a spousal or familial relationship between the policy holders to make them eligible for the discount; however, you must reside in the same household. A household is defined as a single-family home, a condominium or an apartment. Assisted living facilities, group homes, adult day care facilities, nursing homes or any other health residential facilities are not included in the definition of household.

The deductible, coinsurance and copay amounts listed in this section are based on the 2020 CMS-approved values and could change for 2021. Like Medicare, Blue Cross Medicare Supplement coverage is accepted nationwide and the plan is easy to use. There are no provider networks or referrals — just use any health care provider who accepts Medicare. Simply present your Blue Cross Medicare Supplement ID card along with your red, white and blue Medicare health insurance card whenever you receive health care services. We'll coordinate payment with Medicare and your health care providers. In most cases, you'll never have to bother with claim filing or paperwork. This is a solicitation of insurance. We may contact you about buying insurance. Blue Cross Medicare Supplement plans aren't connected with or endorsed by the U.S. government or the federal Medicare program.

It's the
real thing

Adding a genuine Prescription Blue PDP plan to your Original Medicare or Medicare supplement plan gives you **complete coverage**. We offer two options for your prescription medication needs. Both stand-alone prescription drug plans offer the **confidence** of coverage and **cost-savings** for brand-name and generic drugs.

Prescription BlueSM prescription drug plans

What makes these plans special?

Both plans have mail order, 90-day supply options and prescriptions filled from anywhere within the United States. You can take advantage of:

- An expansive preferred pharmacy network that includes major drug store chains and most of Michigan's retail pharmacies.*
- Lower copays on generic and brand-name drugs.
- Covers network pharmacies nationwide when you travel.
- Safeguards that protect against possible harmful drug interactions.

The following chart explains what our PDP plans cover:

Frequently asked questions

When can I enroll in a Medicare Advantage plan?

Anyone who is eligible for and enrolled in Medicare can enroll in a Medicare Advantage plan. You can join during the Annual Election Period (October 15 through December 7) or during the 7-month window around your 65th birthday, called your Initial Enrollment Period. There are also other Special Enrollment Periods for certain situations.

When can I enroll in a Medicare supplement (or Medigap) plan?

You can enroll in a Medicare Supplement plan at any time during the year; however, there are certain times or circumstances where an insurance company can't use medical underwriting to decide whether to accept your application. This means an insurance company can't do any of the following because of your health status:

- Refuse to sell you a Medicare supplement policy it offers (except that in some circumstances an insurance company may be able to limit the choice of policies available).
- Charge you more for a Medicare supplement policy than they charge someone with no health problems.
- Make you wait for coverage to start (except in some instances with pre-existing conditions).

An insurance company can't use medical underwriting if you apply during what is known as the Medigap Open Enrollment Period. This is a 6-month period that begins with the first month that you are enrolled in Medicare Part B if you are 65 years of age or older. There are also circumstances, such as a loss of Medicare Advantage or Medicare supplemental coverage, where an insurance company can't use medical underwriting to decide whether to accept your application.

What do I need to know if I want to buy a Medicare supplement policy?

To buy a Medicare supplement policy, you should know that:

- You must have Medicare Part A (hospital insurance) and Medicare Part B (medical insurance).
- You pay the private insurance company a premium for your Medicare supplement policy in addition to the monthly Part B premium you pay to Medicare.
- Any standardized Medicare supplement policy is guaranteed renewable even if you have health problems. This means the insurance company can't cancel your Medicare supplement policy as long as you stay enrolled and pay the premium.
- Different insurance companies may charge different premiums for the same exact policy. As you shop for a policy, be sure you're comparing the same policy (for example, compare Plan A from one company with Plan A from another company).

What are Medicare supplement guaranteed issue rights?

Guaranteed issue rights are rights you have in certain situations when insurance companies must offer you certain Medicare supplement policies when you aren't in your Medigap Open Enrollment Period. In these situations, an insurance company must:

- Sell you a Medicare supplement policy.
- Cover all your pre-existing health conditions.
- Not charge you more for a Medicare supplement policy regardless of past or present health problems.

Can I change my Medicare Advantage plan if my current plan doesn't meet my needs?

Yes, you can enroll once a year during the Annual Election Period (October 15 – December 7) or change your plan one time during the Open Enrollment Period (January 1 – March 31).

What if I need to join or change Medicare Advantage plans outside the designated times?

You can only do so in special circumstances. These include:

- Moving out of your existing plan's service area.
- Living in a facility, such as a nursing home.
- Qualifying for extra help, such as if you receive both Medicare and Medicaid, get Supplemental Security Income, or apply for and receive financial assistance.

Can I buy a Medicare supplement policy if I lose my health care coverage?

Yes, you may be able to buy a Medicare supplement policy. Because you may have the right to buy a guaranteed issue Medicare supplement policy, make sure you keep these:

- A copy of any letters, notices, emails, and claim denials that have your name on them as proof of your coverage being terminated.
- The postmarked envelope these papers come in as proof of when it was mailed. You may need to send a copy of some or all of these papers with your Medicare supplement application to prove you have a guaranteed issue right.

Which plans are best for me when I travel?

All of our Medicare Advantage plans offer worldwide emergency and urgent care coverage. With our PPO plans you can see any doctor in our nationwide BlueCard network at in-network rates. BlueCard is an international network of Blue Cross doctors. With our HMO-POS plans, you can get routine health care when you travel outside Michigan but within the U.S. using BlueCard providers. Our Blue Cross Medicare Supplement plans are also great for traveling. Members can go to any doctor nationwide that accepts Original Medicare.

Do Blue Cross Medicare Advantage plans offer fitness programs for no additional cost?

Yes, all of our Medicare Advantage plans include the free SilverSneakers fitness program.

Do I need to continue paying the Medicare Part B monthly premium to enroll in a Medicare Advantage plan?

Yes. In most cases, if you enroll in a Medicare Advantage plan, you must continue to pay your Part B premium.

Can I enroll in both a Medicare supplement plan and a stand-alone prescription drug plan?

Yes. Medicare supplement plans purchased after January 1, 2006 do not include Part D drug coverage, therefore to avoid a late enrollment penalty for Part D, you can enroll in both a Medicare supplement plan and a stand-alone Part D plan.

What is a Medicare Advantage Open Enrollment Period?

The Medicare Open Enrollment Period (OEP) takes place from January 1 through March 31 annually. The OEP applies to you if you're already enrolled in a Medicare Advantage plan or are newly eligible for Medicare. If you drop your Medicare Advantage coverage during OEP, you may add standalone PDP coverage.

Medicare definitions

Coinsurance – A coinsurance is a percentage of the cost of Medicare-approved services.

Deductible – A deductible is a set amount you pay every year before Medicare coverage begins.

Health Maintenance Organization or HMO – An HMO requires you to choose a network primary care physician, or PCP, to manage your medical needs and use other network providers. Your PCP coordinates your care with other specialists, providing referrals as appropriate.

HMO Point of Service or HMO-POS – An HMO-POS plan requires you to choose a network primary care physician, or PCP, to manage your medical needs and use other network providers, and it allows you to get some out-of-network services at in-network costs.

Medicare Part A – Hospital coverage that's included under Original Medicare.

Medicare Part B – Medical coverage and doctor office visits that are included in Original Medicare.

Medicare Part C or Medicare Advantage – Medicare Advantage plans combine Medicare Part A and Part B coverage with additional medical benefits not covered by Original Medicare, such as routine eye and dental care, hearing aids and eyewear, and fitness programs. These plans may also include Part D drug coverage.

Medicare Part D – Part D prescription drug coverage is available to add as a stand-alone plan to accompany Original Medicare or a Medicare supplement plan. Most Medicare Advantage plans include Part D drug benefits.

Medicare Supplement or Medigap – Medicare supplement plans help bridge the gap between what Original Medicare covers and the total cost of medical services. They cover all or a portion of Medicare deductibles and coinsurances and are accepted nationwide. Monthly premiums are generally impacted by such variables as where you live, if you use tobacco, your age, height, weight and gender. Since costs vary, it's important to compare Medicare supplement policies.

Point-of-Service – A managed care product that allows members to use providers outside of the managed care network, sometimes at a higher cost.

Preferred Provider Organization or PPO – A PPO plan allows you to visit any health provider you'd like, as long as the provider accepts Medicare. You may pay more to see doctors outside the preferred provider network.
